

Notice of Public Meeting
Road Closure Plan 52
Lot 15 Concession 12
Township of Enniskillen

In March of 2021 a request was submitted by Wallace Lang to close the unopened road allowance in Plan 52 located in Lot 15 Concession 12. The lane is estimated to be .42 acres in size and is totally landlocked within a farm property. Plan 52 was deemed not be part of plan of subdivision under Bylaw 9 of 1972.

The abutting property was owned by a numbered company and was sold by tender in June of 2021.

Letters were circulated to various public utilities, the Town of Petrolia and the County of Lambton. There has been no expressed interest by any of the agencies regarding the use of the road allowance in Plan 52.

There is no current or apparent reason for the Township to maintain the ownership of the Lane in Plan 52. The lane is landlocked and does not form part of any current plans for future transportation within the Township of Enniskillen.

The Township has undertaken to sell the unopened road allowance to the numbered company at a value of \$5,000 and municipal costs subject to any issues that may come forward from the public meeting.

Notice of the public meeting will be placed in the local newspaper and the Township web site. Notices will be sent to abutting property owners, the County of Lambton. The meeting will take place during a regular Council meeting of October 4 2021 starting a 7:00 pm.

Council will consider the information from the public meeting and determine whether to proceed with the road closure and sale of the lane in Plan 52 to the abutting property owner.

Interested persons may contact the municipal office prior to Noon October 4 2021 to obtain the necessary information to link electronically to the Council meeting.

Duncan McTavish
Clerk
Township of Enniskillen
